Discover more about Twilight Spas — because you can never have too many good things in life.

**MASTER BLASTER®
FOOT THERAPY SYSTEM**
Treat your feet to soothing,
massaging jet action.

HYDROTHERAPY JETS
From the full-body massage, to
concentrated neck and shoulder
relief, to lounge and cool-down
seats, you get the spa experience
that's just right for you.

CLEAN, PURE WATER
The clean, clear water you want
without the harsh chemicals
you don't. EcoPur® Charge uses
minerals like copper and zinc to
purify water and remove dirt,
bacteria, and algae. EcoPur Charge
also controls scale, safeguards
the hot tub's plumbing, and helps
prevent damage to swimwear.

Your whole being will say “Ahh.”

Your perfect spa experience awaits with a Twilight Spa. Indulge in a full-body massage or relieve neck and shoulder tension. Relax into a contoured lounge seat or take a moment in a cool-down seat. With adjustable jets and easy-to-use temperature settings, you can direct the pressure and relieve life's stresses.

Our StressRelief Neck and Shoulder Seat features a ledge with specially designed jets that are positioned downward — putting your neck and shoulders under the jets for the ultimate tension-relieving massage. Our exclusive Master Blaster Foot Therapy System uses dual jet clusters with 28 total individual nozzles designed to rejuvenate your body through an encompassing foot massage. When you feel the stress-relieving power of the hydrotherapy jets in each ergonomically designed seat, you'll wonder how you lived without it.

Magnetic Therapy

Our exclusive Master Force™ Bio-Magnetic Therapy System offers the benefits of magnetic therapy in the comfort of a hot tub. Magnetic therapy has been used for centuries to help relieve pain, improve circulation, reduce swelling and alleviate stiffness. Today, more and more doctors and physical therapists are using magnetic therapy for the treatment of back problems, arthritis and sports injuries.

That's why Master Spas, after extensive research and development, chose to combine the proven benefits of hydrotherapy with the pain-relieving comfort of bio-magnetic therapy. Our Master Force Bio-Magnetic Therapy System applies strategically placed magnets to two pressure points behind the neck and eight throughout the shoulders, back and seat areas in our exclusive StressRelief Neck and Shoulder Seat.

LOUNGE SEATING

Ergonomically designed to fit the contours of your body, our lounge will wrap you in ultimate therapeutic comfort.

SOAK IN THE WARMTH

In a matter of minutes, your tension will disappear.

Music, laughter, family and friends

A Twilight Spa is not only remarkable for relaxation and hydrotherapy but it is the perfect setting to bring together family and friends. Since everything about this hot tub is delightfully stress-free, you'll have peace of mind when you're entertaining. Controls offer digital ease so you can truly relax while the spa does all the work. The Orion Light System illuminates the cascading waterfall and topside controls. The Fusion Air Sound System* provides the music and sets the tone of your occasion. With a Twilight Spa, you can live in the moment amid quality and good times.

"One of my favorite things about purchasing this hot tub is that I have been hanging out more with my kids—I have two 13-year olds and a nine-year-old. So a lot of times, when I'm using it at night, we'll have these conversations about life that I don't think we would be having if we didn't have the opportunity to shut off all the screens. So that's been a really cool thing about it."

— Marcy L., Ayer, MA

*Optional

ORION LIGHT SYSTEM™

LED lights beautifully illuminate the water as well as the cascade waterfall and topside controls.

CASCADING WATERFALL

Create a tranquil yet inviting space in the privacy of your backyard. The cascading waterfall feature adds to the overall relaxation of your Twilight Spa.

FUSION AIR SOUND SYSTEM

Two interior water resistant speakers and a subwoofer maximize the sound quality of your music. This optional system comes with a water-resistant remote and connects quickly and easily to your phone or other device via Bluetooth, allowing you to stream your favorite station or playlist.

Relaxation first, water care second.

Experience a new level of spa care with the Master Clear Salt System — where a small amount of salt transforms into a premium sanitizer that's safe for you, your family, and your hot tub.

This innovative smart system redefines the concept of a saltwater hot tub, delivering consistently pristine and inviting water with fewer water changes. It continuously monitors salt and sanitizer levels, making adjustments only when necessary. The result? Soft, silky water that's gentler on your skin and eyes than traditional systems. Plus, it leaves behind a naturally fresh scent, free of harsh chemical odors.

How it works

- **Monitors:** The system continuously tracks salt and sanitizer levels to keep your water balanced.
- **Activates:** When sanitizer levels dip, the Smart Cell converts salt into sanitizer.
- **Master Clear App:** Effortlessly monitor salt levels and ensure sanitizer levels are balanced from the palm of your hand. This app is designed specifically for our salt system, providing real-time updates and control wherever you go. Available in the Apple® and Google Play™ stores.
- **Relax:** Unwind in pristine water with less effort and more peace of mind.

The Master Clear Salt System is a premium option for Twilight Spas.

INTELLIGENTLY ENGINEERED
The Master Clear Salt System prioritizes simplicity and ease of use. Just replace the Smart Cell once a year. Plus, there are no separate generators or cartridges to manage.

SIMPLIFIED WATER CARE
This system simplifies hot tub maintenance by automatically regulating chlorine levels, delivering silky, skin-friendly water and offering easy control through a mobile app.

PURELY PRISTINE
With the Master Clear Salt System, you can enjoy softer, cleaner water with less work.

RELAX Your Twilight is a superior energy-efficient hot tub and that means savings for you and your monthly utility bill.

A THERMAL BARRIER
Environmentally-friendly foam insulation provides a consistent, comfortable temperature inside the hot tub, while cold air is kept outside.

EXCEPTIONAL COVERS Safety, protection, and energy efficiency are key components of our exclusive UL certified covers. Constructed from recycled polyester, our covers are strong enough to withstand the elements but light enough for easy use.

Easy to own, easy to enjoy

Energy Efficient

All of our hot tubs are built to be used year-round in any climate. In fact, our environmentally-friendly foam insulation makes Twilight Spas by Master Spas among the most energy-efficient hot tubs in the industry.

By expanding to tightly seal and secure all areas under your hot tub, our insulation:

- Prevents heat loss
- Retains its shape and efficiency for the life of the product
- Resists mold and mildew
- Reduces the noise of your spa
- Produces no ozone harming off-gas, environmentally safe

Every hot tub is built to not only meet but to exceed stringent energy-efficiency regulations. All resulting in what really matters — a superior spa experience and savings for you and your monthly utility bill.

MASTER CLEAR SALT SYSTEM A smarter way to manage your spa water. This innovative salt system monitors salt sanitizer levels in real time, making adjustments only when necessary. As water flows through the system's Smart Cell, it creates just the right amount of sanitizer, ensuring your water stays clean with fewer added chemicals and less time.

QUIETFLO WATER CARE SYSTEM™ Our advanced energy-efficient circulation pump moves water through your EcoPur® Charge filtration system at 25 gallons per minute.

FUSION AIR SOUND SYSTEM Four interior, water-resistant speakers and a subwoofer maximizes the sound quality of your music. The system includes a water-resistant remote and connects quickly and easily to your phone or other device via Bluetooth, allowing you to stream your favorite station or playlist.

VAC-FORMED ABS PAN BOTTOM The frame enhanced with a vac-formed, high density ABS base helps keep the heat in and unwanted pests out. Available on select models.

BLUETOOTH SPEAKER Whether you are hanging out with loved ones or want to create a moment of calm, the right playlist can help you set the mood. This sound system has 40W power and a bass boost with up to 10 hours of playtime. It's designed to easily rest on the water features of the spa for superior sound quality.
